WHEN MANDY'S MAM.
She has a disposition sweet,
She labors like a Turk,
She keeps all things in a jumble heap.
An' all 't'fraid 't' work,
But when she begins now an' then
To clean up her place,
An' she cleans the door,
She'll handle round about the house
A dandy 'sweeping' sweep.
As near as 't' quiet as a mouse,
When, presto, something's wrong,
I've carried it down 't' talk—
Talk won't her place mend,
An' so tamely with the chalk
She'll mend the door.
But then I never blame any wife,
I've noticed that she does,
The little things that vex,
At which I'd up an' swear,
But she does an' 'sweep' wood.
When Mandy cleans the door,
—J. J. Van Pelt.

The Sign of Health

Dizziness and headaches cannot be cured in any other manner than by getting at the root of the trouble and curing the cause.

The cause is almost invariably a disordered digestive system, which a bad stomach and clogged bowels are responsible. Laxakola, the Tonic Laxative, is an unfailing cure.

It works gently and painlessly and at the same time acts as a tonic to the bowels, stomach, liver and kidneys and builds up the system by weakening and irritating it as other laxatives do.

Its remarkable properties reach every organ—the liver, kidneys and stomach, nerve, heart and brain—and remove the cause of your debilitated condition. This is the only way to secure an absolute and permanent cure.

Laxakola is the only medicine for babies, is purely vegetable and its action is gentle, speedy and effective. For coated tongue, simple fevers, croup, chills and languid feeling it is the ideal medicine.

It tastes good. **Children like it and ask for it.**

LAXAKOLA FOR WOMEN. It is a gentle and safe remedy to use during all conditions of health of the female sex, whether their peculiar and delicate constitutional require a mild and gentle laxative, or whether they are suffering from constipation, which otherwise would lead to more or less severe pain or illness. It improves the complexion, brightens the eyes, keeps the appetite, cures the constipation, removes muddy and bilious condition of the skin and cures sick headache to a certain extent. It is a safe and reliable remedy for all women.

Women suffering from chronic constipation, headache, biliousness, dizziness, saltwater of the face, and nervousness, Laxakola will invariably bring relief. At drug stores, etc., and for a free sample to the LAXAKOLA CO., 101 Nassau Street, N. Y., or 355 Broadway Street, Chicago.

BREEDERS TO MEET.

Will Investigate the Report That a Pole on Kentucky Association Track Had Been Moved.

Lexington, Ky., Oct. 28.—The following is a portion of a call issued Sunday night by local breeders:

"All those interested in the breeding, training or racing of thoroughbred horses are requested to meet at the Phoenix hotel Tuesday noon for the purpose of taking such action as may be necessary to determine the truth of reports that a pole supposed to mark three-eighths of a mile from the wire at the Kentucky association race track was moved, and if the reports be found correct, to take what action may be necessary to expose and punish the person or persons guilty of moving it."

Few incidents in recent years have created as great a sensation among horsemen as the suspicion first given utterance Thursday, investigated Friday and put open court on Saturday at the pole marking the distance at the race track had on Wednesday night been moved so as to make the pole marking three-eighths of a mile from the timer's stand 40 to 45 feet less than the supposed distance, and then moved back again Thursday night.

Had it been that only the usual work of the track, who would have made no further difference than that several men who Thursday thought they had phenomenal yearlings would have found out the mistake later. There was, however, a gentleman from New York, Mr. Hill, the representative of Clarence Mackay, who was there Thursday, who timed a yearling he had been invited here to see the short three-eighths in 35.7 seconds. He returned with an option on the colt to be sold at the 8:30 p. m. sale at the track made the discovery as to the change in the position of the pole. While no one is suspected, a possible foul play is being investigated by this call for a meeting of breeders Tuesday.

Why doesn't Editor WYATT permit the bones of poor old LINDLEY MURRAY to repose in peace?

HERE are a few "specimen bricks" fired at the Fleming Democracy by Editor-Judge or Judge-Editor WYATT through his Ewing Inquirer—

Recent unnecessary war of men, who should be self-respecting as to the future of Democratic victory in Fleming county, is enough to give a decent man "imaginary brisles."

If the Democratic party has, within its fold, men of this kind, let them join the Republicans where they can be fellowshiped with the blood of Goebel, as sacrament to their infamy.

Remember, while you tread the uneven pathway, that you can, in no wise, trample on the rights and privileges of the Editor of this paper. He asks no odds, no favors, and if you choose to use an excuse, our official acts, as a screen to vent your deep and damnable hatred, occasioned by a slap in the face from other quarters. It is only the worse for you.

We are a Democracy because we know the principles of Democracy will best subserve the interest of the masses, and there is no man who is prominent enough or big enough, or that we could enjoy sufficiently to cause us to renounce that principle and vote with a party whose leaders, by the aid of "cave paw," have led ruin and riot to the interests of every poor man.

It is now in order to ask the proud Democracy of Fleming to be good.

There's No Need in Mayville—The Way is Almost Hugged With Goodpoints.

Have you ever read a newspaper article, a glowing account of some incident told in elusive words to lead you on, and found it ended up with a proprietary medicine advertisement? Made you mad, didn't it? And were you convinced of the merit of the article? We think not, because it told the experiences of some stranger in a far-away town. To take his word for it was like "going blind." It's a very different thing when a statement is prescribed from a citizen, from people we know, and that's the case here.

Mr. W. L. Nicholson of 14 Court street, employed by Russell & Sons, Grocers, says:

"The use of Doan's Kidney Pills for any one who does much riding will help in achieving back so quickly he will wonder at the prompt and effective results of the medicine. I procured Doan's Kidney Pills at J. J. Wood & Son's Drugstore, corner of West Second and Market streets, on the advice of a friend, and the results obtained were so satisfactory that it was a pleasure to recommend the remedy to others wherever opportunity is offered."

United States Court So Decides Mr. Fred Dietrich of Aberdeen.

Mr. Fred Dietrich of Aberdeen until recently conducted a carriage factory in this city.

Last spring he made an assignment to Mr. Harry L. Walsh, showing liabilities largely in excess of assets.

The petition has been granted.

LOCAL INSURANCE COMPANY.

Temporary Officers Elected For the New Organization Here.

A meeting of property owners interested in the establishment of a local insurance company was held last Friday night, at which a temporary organization was effected for the purpose of procuring articles of incorporation and securing agreements for the \$10,000 of insurance necessary for that purpose. There are already agreements signed for some \$35,000 of insurance in Maysville, besides considerable in the towns of the county.

The following were elected officers: President—R. A. Carr. Treasurer—Dr. J. A. Reed. Secretary—J. M. Collins. Directors—First Ward, O. H. Haines; Second Ward, J. H. Haines; Third Ward, Omar Dodson; Fourth Ward, M. J. Sweeney; Fifth Ward, Paul Tierney; Sixth Ward, R. M. Wallingford.

This organization is only temporary and for the purposes mentioned, and all property-owners who are interested in the incorporation of a local mutual insurance company are requested to inform any of the above persons of the amount of insurance they desire to take in the company.

It is hoped that all persons will take an active interest in the organization and success of such a company, as it will not only make the cost of insurance much less, but it will keep at home among our own people the great amount of money paid annually for insurance; besides it will do much toward improving our Fire Department, as every person insured in such a company will have a material interest in seeing that the Department is efficient.

The next meeting will be held Monday, November 11th, at 11 a. m. at the Courthouse, at which time all persons interested, including those from the towns of the county, are asked to be present and assist in electing the permanent officers of the company, and to discuss and adopt such regulations and by-laws as they may deem most fit.

HAPPINESS DESTROYED.

Marriage of Miss Goodwin Creates Trouble at Rectoryville.

Saturday's LEADER made brief mention of the marriage at West Union, O., of William Auxier and Miss Mary Goodwin of Rectoryville.

Mr. Auxier had but recently emerged from a former matrimonial entanglement.

Miss Goodwin is a daughter of Mr. and Mrs. Frank Goodwin, her father being a well known tobacco man and a highly respected citizen of his community.

On account of Mr. Auxier's former alliance, and an account of their daughter's youth, the parents of Miss Goodwin discouraged his attentions.

On Friday last Mr. Goodwin was away from home in the interest of the Louisville Tobacco Warehouse; and Mrs. Goodwin, fearing that the young lady would that day "elope" with Auxier, had hidden her clothes.

However, a neighbor loaned her a new suit, and Auxier and Miss Goodwin set out for West Union.

The young lady's brother Tom started in pursuit as soon as he learned of their going, but finding that he couldn't overtake them he telegraphed to the West Union authorities to prevent the marriage, as the young lady was under age.

Suspecting something of this sort, as soon as he reached West Union Auxier sent a messenger to the Magistrate where he secured the license from the Court Clerk.

The young lady was so close on the heels of the bride party that the accommodating Magistrate had time only to say, "You're married!"—the briefest ceremony up to date—when the Town Marshal flashed the telegram.

The parties at once started for home, and while driving through Rectoryville with his bride and a big pistol by his side, Auxier's dream of happiness was rudely broken by his bride's father and brother suddenly stopping the buggy. The brother presented a revolver at the groom, while the father helped his daughter out of the vehicle and took her home.

Auxier at once came to this city and swore out warrants against the Messrs. Goodwin, which were served by Constable Dawson, and the trial is now in progress before Judge Jacob Miller.

The Rev. Dr. Howard A. M. Henderson is now in charge of McKendree M. E. Church, Cincinnati.

Digests what you Eat
Dyspepsia Cure

The agony you suffer after eating, that feeling of fullness, flatulence (wind on the stomach) and belching is caused by decay of undigested food which forms a gas that distends the walls of the stomach and exerts a pressure against all the internal organs. The eating of more food forces out part of this gas and causes belching. Just take a little KODOL DYSPEPSIA CURE. It will relieve you at once. It never fails to permanently cure the worst cases of indigestion and dyspepsia. I suffered unduly from indigestion which was always worse after eating. Two bottles of KODOL DYSPEPSIA CURE made me a well man and life now seems worth living. Peter Sherman, No. Stratford, N. H.

It can't help but do you good

Prepared by E. O. DeWitt & Co., Chicago. The 50¢ bottle contains 34 times the 50¢ size. The favorite household remedy for coughs, colds, croup, bronchitis, grippe, throat and lung troubles is **ONE MINUTE COUGH CURE**. It cures quickly. For sale at J. J. Davis, West Union & Granger, Ohio.

The Government steamer Vega, which passed up for the Muskingum river, was drawing only three feet.

There are over 25,000 bushels of coal for the combine and 3,000 bushels for the independents at Pittsburgh waiting for water.

The steamer Sunshine is receiving some much-needed repairs, and the Henry M. Stanley has her place in the Cincinnati-Madison trade.

The Ohio river is lower now than it has been for a long time, and if change in the weather does not bring rain soon the little "gravel" scrawlers will have to go slow on account of kicking up a dust.

The deckhands running on the boats operating in the pools of the Monongahela river have organized and received their charter from the International Longshoremen's Association.

So far this season the Bellevue and the Evansville piers have taken to New Albany from the orchards along the river below Louisville 15,000 barrels of apples and are still taking them in large lots. They are reshipped from New Albany to Chicago and the East by rail.

The number of miles of navigable waters embraced in the Ohio river system is 1,496, with a population, according to the census of 1900, of 10,969,777. The total number of passengers hailed during the year 1900 on the Ohio river is reported to be 3,861,288. The total amount of tonnage handled during the year 1900 on the Ohio river was 14,654,322 tons. More souls were lost in the capsizing of the steamer City of Golconda in August than were lost from all other causes, and in all other accidents on the entire system of the Ohio river during the year 1900.

All matter for publication must be handed in before 9 o'clock a. m.

Miss Julia Sears is quite ill at her home in the county.

Miss Natalie Cooper is now one of the operators at the telephone exchange.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is cancer. Hall's Tumor Cure is the only positive cure known to the medical fraternity. Cancer, being a constitutional disease, requires a constitutional treatment. Hall's Tumor Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and restoring the patient's strength by building up the constitution and assisting nature in doing its work. The operation has no such fault in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:

An Open Letter.

We desire to say that our business since January last has passed the mark anticipated. We wish to be frank; therefore we are not attempting to talk to business people and put it in the form of a pulled essay. The advantage of having merchandise different from your competitors is apparent, provided that the retailer is known to be reliable. Does not a good deal of advertising appear to you as though the advertisers were indulging too freely in fine words? Most of them seem to say something that means nothing. Names are invented for goods that have no bearing whatever to the materials; turned and twisted until they are no longer relevant, all of which is done to tone the product, because the product hasn't enough of it. Fine feathers make fine birds, but fine words do not make fine goods. We are strong believers in advertising because it is a good thing, but advertising doesn't pay unless constructed on a proper basis, and that is to plainly tell people what you have to sell, and sell it as low as is consistent with legitimate business methods.

Our spring importation of Dress Goods, White Goods, Carpets, Mattings and Housekeeping Goods generally is complete. Come and learn prices, which will be as low as is cheap as the cheapest, quality considered. Respectfully,

GEORGE COX & SON.
